## Around the World in 80 Species

Exploring the Business of Extinction

Edited by **Jill Atkins** and **Barry Atkins**

*Around the World in 80 Species: Exploring the Business of Extinction* responds to the ongoing mass extinction crisis engulfing our planet by exploring the ways in which accounting, business and finance can be used to prevent species extinctions. From Africa to the Far East and from Europe to the Americas, the authors explore species loss and how businesses can stop mass extinctions through greater transparency, and through closer engagement with their investors and wildlife organisations. Businesses must urgently address extinction before it is too late for all species, including ourselves.
